PROGRAMME

ABOUT THE ARTISTS....

Quintessence, a string quartet with guitar, combines versatile musical talents with engaging wit and humour on stage. Norman Hathaway and Claudio Vena bring their classical violin and viola playing skills together with a bent for the hilarious; Juno award-winning Lenny Solomon contributes a musical style that ranges from jazz and country to classical. Jose Shapero moves easily from a jazz "walking bass" on his cello to the classical and romantic repertory. Bill Bridges, who provides Quintessence with much of its most popular material, demonstrates remarkable virtuosity on banjo, acoustic and electric guitar.

Included in the programme are
