To Whom It May Concern,

The Fort St. John Community Arts Council has, since September 1983, sponsored a programme of classes for children in art, music, drama, dance and pottery known as Artspace for Children. Approximately 300 children register for each of the six week sessions. The programme runs through the school year and will start up again in September 1984. This first year of classes has met with an overwhelmingly, enthusiastic response from parents, schools and the community, and considerable interest has been expressed in a Summer Arts Programme.

I am impressed with the programming planned for "Summer Arts", in particular with the training and field work scheduled for May and June. I have every confidence that "Summer Arts" will be an excellent venture and that our community, with the growing awareness of the importance of the arts in our children's general development, will be very appreciative. The programme has my full support and encouragement.

Sincerely,

Anne Russo
