**Modeling
& Drama
(Pages 8 & 9)**

Melanie is an Arts student in her third year at NLC. She enjoys performing both on stage and in front of the camera. Never one to miss a "Kodak moment" she thoroughly enjoyed her own portfolio sessions when in Calgary. Her gregarious personality helped her become Miss Falkland Princess in 1989, and helped land her the leading role in various high school productions. Her favorite stage activity is improv, but she also likes to "sink her teeth" into a role. While in Calgary she worked closely with a well known photographer to put together a small modeling network. She hopes to pass her enthusiasm onto her students.

**Jody

**Pre-school
Tai Chi
(Pages 4,5,10 & 17)**

Many parents will be familiar with Jody's smiling face - she has been a teacher with the ArtSpace for the past three years. Jody teaches our pre-school gym classes and has added on a Tai Chi workshop and Tai Chi morning class to her busy schedule. Teaching children as young as two years is a challenge, especially when many parents bring their little ones to Jody's class to "burn off that extra energy." She says she finds the classes rewarding because she not only gets to see the children develop, she watches them learn how to share and co-operate with each other. Jody finds Tai Chi to be a great stress reliever and excellent way to get into better physical condition.

Art Classes
(Page 10)**

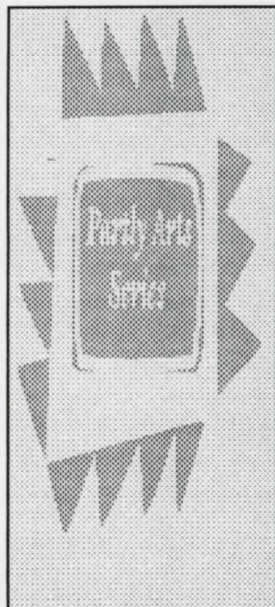

sample of Marilyn's work

Marilyn is new to Fort St. John but certainly not new to art or the 'art of teaching'. If you are thinking of taking her watercolors class, you can see some of Marilyn's watercolors on display at Peace Gallery North. Marilyn is dedicated to helping others to find the artist in themselves and is wary of the word talent, having been told when she was younger that "she didn't have any." That prevented her from enjoying years of painting which she has long since discovered she is very good at. She encourages anyone who has a desire to paint to give it a try - you'll probably be surprised to find the artist hidden in you. Marilyn's class is good for beginners and intermediate painters. "
