**CHANGING TIMES.** Once Fort St John's medical clinic before the doctors moved into their new building just across the street in 1959 — an old frame structure was moved off its foundations this week. A variety of tenants have used the T shaped single-story rambling structure since that time — but there have been no immediate plans announced for the use of the strategic location at the corner of 101st Avenue and 98th St. **SEPT 19, 1973**

**OLD FRIENDS MET** again at the official ceremony of the hospital changing hands Tuesday October 30. Nostalgic memories were revived when Sister Agatha from Edmonton one of the first sisters to arrive in Fort St John and the cook for the old hospital came back and met once more one of the very first surgical patients, Mrs Anna Donis, that was in the year 1937. **Nov 7, 1973**

PATIENTS IN the Fort St John General Hospital were treated to some Christmas cheer on Friday, December 14 when the Dr Kearney Girls Choir entertained with Christmas Carols. For those youngsters who must be in hospital over Christmas, nurses and other staff do their utmost to make it a happy time. Pictured are a group of children intently listening to the carollers.

ALTHOUGH IT IS unfortunate for children to be in hospital at any time, it seems particularly sad at Christmas time.

PICTURED ARE Sister Ellen Brunt, the Provincial Treasurer for the Sisters of Providence, as she receives a cheque for \$400,000 from Eli Framst, Chairman of the Regional District Hospital Board at special ceremonies on October 30. The money was in payment for the Sisters' equity in the hospital. On this occasion, Mayor Frankiw paid special tribute to the Sisters who had carried through the hardest years and supplied "a service that can have no measure."
