

Fort St. John, B. C.  
July 25th, 1970

Dear

We, a sub-committee of the Centennial '71 Committee, have been authorized to compile a book on Pioneers of the North Peace.

We hope to get some information about as many old timers as possible. These should be human interest stories, stories of humor, tragedy, or any happening of sufficient interest as to ~~meet~~ *merit* publication.

Should you be able to write your own story, we would appreciate it being sent to us by Sept 30, 1970. If you know of some old timer who has a colorful tale to tell, but is reluctant to do so, please contact us so that we may pursue the story.

Again, I would point out that the proposed book would place emphasis on people, rather than dates or geographical facts, people in the common walks of pioneer life in this locality, and things that happened to them.

Sincerely yours,
