

# Dance society holds special general meeting

The Northern Dance Theatre Society met at the Artspace on June 26 in a special general meeting.

This small, active group has been in existence for one year. Their purpose is to encourage dance in Fort St. John.

The past year's operations were reviewed and it was felt that input from members is "a top priority," the dance group said in a news release.

Society memberships are to be renewed with dance registration in the fall.

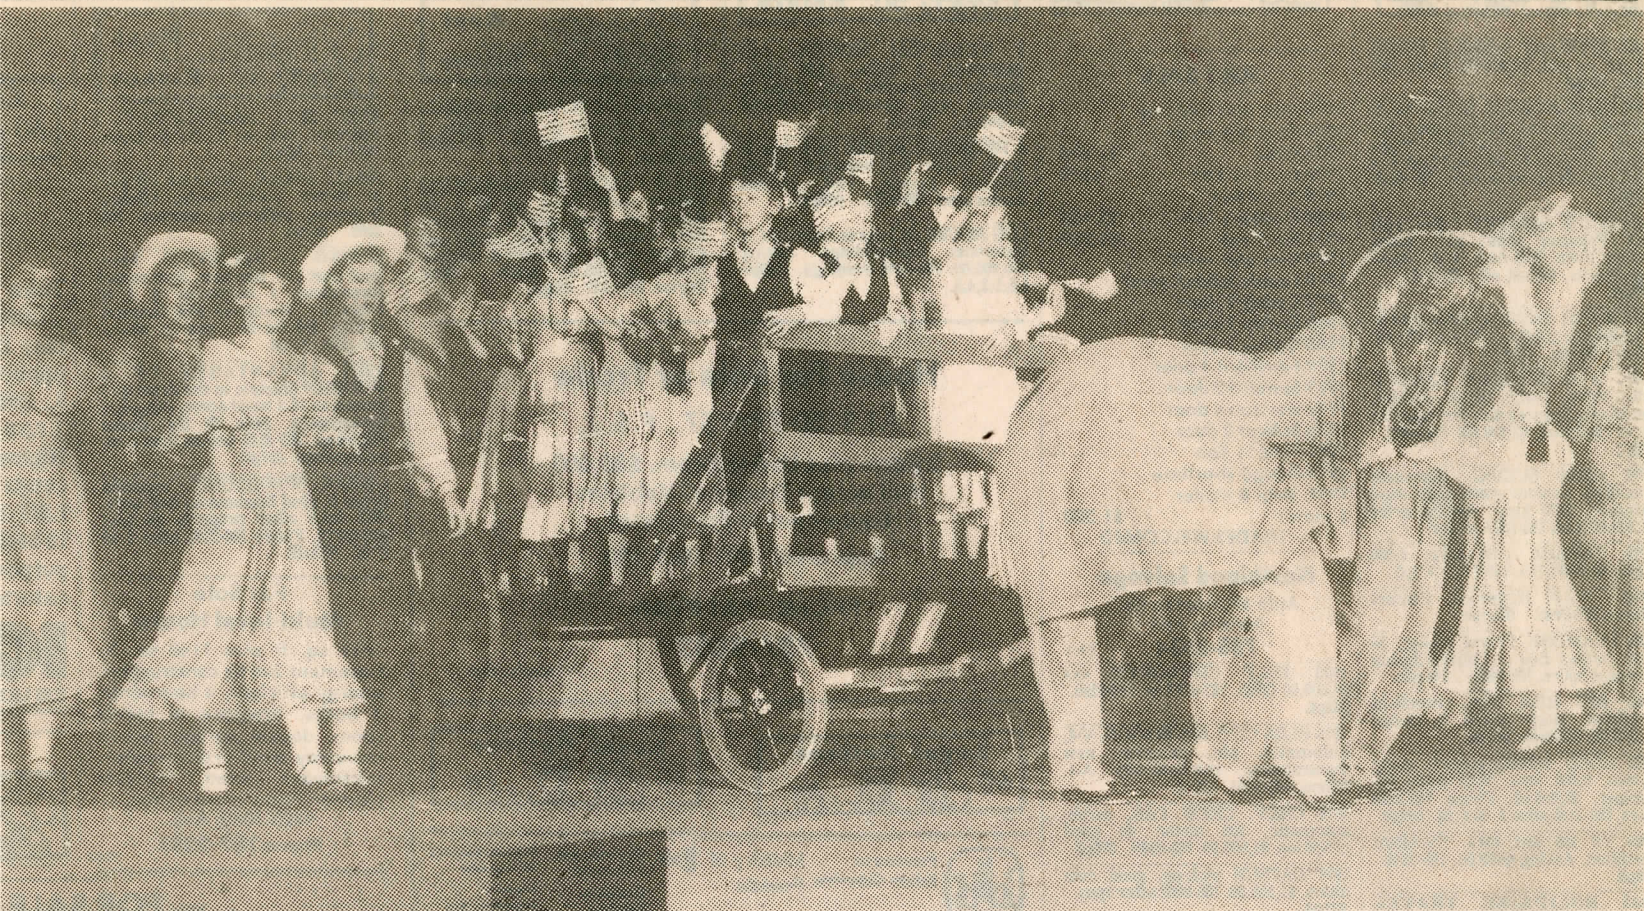

The Northern Dance Theatre Society will be performing in the

opening ceremonies for Heritage Festival '86 and will present a Heritage Musical Revue on July 9.

These dancers are 43 of the 153 performers representing Region H at Expo '86 August 17-24. The B.C. Pavilion Showcase can be viewed at Heritage Festival '86 on July 10. This is a special opportunity for everyone to see some local talent.

The Northern Dance Theatre Society will be sponsoring a Food Booth at Heritage Festival '86 and looks forward to offering a good lunch to the public while earning funds to further dancing in Fort St. John.
