NORTH PEACE
CULTURAL
CENTRE
CELEBRATING TWENTY YEARS

Don't miss Pat
& the crew all
the way down
here!

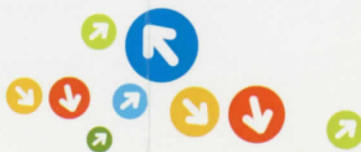

On Saturday, June 8th, a ten passenger bus will be leaving the North Peace Cultural Centre's parking lot and stopping for brief art studio tours, including the new hospital common area, giving visitors a peek behind the scenes where creative work occurs or is on display.

This is a fantastic opportunity for local artists to display their work and to educate the public about their artistic directions and inspiration. For the community, this is a great opportunity to meet or become more familiar with many diversely talented artists who reside right in our neighborhood.

DANCE AND GYMNASTICS

Introduce your child to the world of dance and creative movement. Through dance and gymnastics, children learn coordination and control of the body, learning to use their hands, eyes, feet and body at the same time. Creative movement also encourages inspiration and imagination.

Art

Painting, coloring, cutting, gluing, assembling... The possibilities are endless! Your child will experience hands-on creativity and gain the ability to express themselves through different mediums, skills, talents and practices. Making mistakes is a part of this process and scientific thinking and creativity go hand-in-hand. Art provides opportunities for making decisions and problem solving no matter how many times a child has worked with the same medium.

Social Emotional Development

As children work in the art center, they learn to share the materials, to accept other's ways of creating and to enjoy being a part of the group. Children learn to feel good about themselves and each other as they learn they can do things well. Freedom to explore, make mistakes and experiment is of immeasurable value as we move through life. The arts foster that freedom, encouraging children to invent, create and find new ways to do things.

Cooking

Creating food from recipes through preparation, measurement and following instructions, your child will learn how to turn ingredients into delicious snacks. The use of different ingredients and methods of creating allows children to gain experience in problem solving, critical thinking and accomplishment.

Class Schedule

Classes at playArts preschool are held in the North Peace Cultural Centre from September until June.

FINE ARTS BASED PROGRAM:

Our Fine Arts Preschool provides children, ages 3 to 5, with abundant opportunities to experience creative movement, language, literature, rhythm, dance, cooking and the visual arts. Hands-on involvement in three to four art forms daily helps children find enjoyable ways to express themselves and grow through experience, nurturing development of the whole child. Beginning in the fall 2015-2016 playArts Preschool is excited to offer a 2-Day (Tuesday/Thursday), 3-Day (Monday/Wednesday/Friday), or 5-Day (Monday-Friday) option.

Did you know?

Fine Art based preschools are becoming a popular choice for parents throughout Canada and we are pleased to offer the first and only northern BC based opportunity. PlayArts is proud to be a leader in this exciting educational experience.

Kristen Wride, Assistant Instructor

Suzanne Currie, Lead Instructor

Suzanne Currie has been with the playArts preschool since it's inception in 2011. She is certified in Early Childhood Education from Northern Lights College and loves being a teacher because she learns something new everyday and gets to be a formative presence in children's lives. Kristen Wride became the playArts assistant instructor in January of 2015 and is also certified in Early Childhood Education out of Cranbrook, BC. She has been a joy to have in the classroom and is always there to help. They are excited to meet your child!
