Dear

The results of the April 26 referendum clearly indicate the desire for a regional library-theatre in our region. Since the vote was so close, another referendum will be held this year. Please continue your support.

The CCC would like to thank you for your contribution toward the campaign. You helped "get the vote out" by phoning on Saturday morning. Through community effort, we will have a regional library-theatre. The project has not been defeated, merely postponed.

The committee welcomes any suggestions and assistance you can offer for the next campaign. Please phone 785-6214.

Sincerely,

Susan E. Popesku
