

## A great honour for local artist

In recognition of her work, artist Donalda Grassie received an Honourary Associate of Arts Degree from the president of Northern Lights College, Jim Kassen on June 2 at Unchaga Hall in Dawson Creek. Grassie is a former resident of the North Peace and has a unique style that has received national attention. The Honourary degree is not given out lightly and only goes to those deserving of the honour.

"I knew I'd been nominated but was really surprised to be chosen," said Grassie. "There are a lot of good artists up north, it's really quite an honour."
