## Oklahoma coming along

**OKLAHOMA OK!** The Kansas City boys and their girls let rip on a chorus during rehearsals at the North Peace Secondary School. The musical is now in an advanced state of preparation, and will have its public performances on February 13 and 14.

**AUNT ELLER** churns away at her butter tub and thinks of times gone by, when all the young fellows came to her door. She is played by Maureen Arnold.

**PART OF THE FUN** of amateur dramatics is looking into a pretty girl's eyes during lots of rehearsals. Since Oklahoma is basically a love story there is plenty of that.
